

“READ TO ME” – Literacy Project

Governor Jeff and his wife Missy are requesting support in a fundraiser called “Read To Me.” Missy discovered a similar and successful program during a visit in San Diego. Parents leaving the hospital with their new baby will be given a packet containing an infant Rotary -logo T-shirt with the inscription “*read to me.*” The packet also contains a picture book that all parents can show and read to their baby, plus a reading list. What a great LITERACY program to start a child’s life.

Some information about Rotary is also provided in the packet by including the following cards: “What’s Rotary?”, “the 4-WAY TEST”, and “Object of Rotary”. An explanation that Rotary is a global network of community volunteers is provided along with how the Web, Facebook and Twitter may be used for more information concerning Rotary.

These “*read to me*” packets will be distributed to the hospitals throughout our district at the cost of \$5 per packet so that each **Sponsorship** will be able to donate 6 packets with each \$30 donation. Governor Jeff is asking each club to contact business members of their club and request a **\$30 contribution** as a **sponsorship** for our District Benefit Golf Tournament on September 14th. Individuals as well as clubs may also contribute, but emphasis is being placed on businesses.

Note: All \$30 Benefit Golf Tournament Sponsors will be recognized in an attractive flyer and presented to **all golfers, all Rotarians** attending the District Conference and will be recognized in the monthly news letter.

For those wishing to become a sponsor, please complete the following with a check for \$30 made out to **Rotary District 6510** and forward to address below.

Rotary Club of Association: _____

Name of Business etc.: _____

Person for Recognition: _____
